

Non-Residential Days 2011

Since not everyone can attend a residential workshop, you may choose to come for one day only to work in a small group exploring ways to grow on your Christian journey.

You will be listened to and helped to respond to the healing love of Jesus in your own unique way. The day begins with coffee/tea and a short devotional before breaking into small groups with a facilitator. All who attend must be willing to honour the confidentiality of other group members.

Starting time: 10.30 am with coffee; Ending time: 4.00 pm
